Privacy Statement

Under the Data Protection Act 1998, data controllers and their contractors have legal obligations in the way that they deal with and process personal data. DfE, Ofsted and our contractors use leading technologies and encryption software to safeguard your data, and keep strict security standards to prevent any unauthorised access to it.

RAISEonline processes pupil personal data principally to assist schools in their self-evaluation. Schools provide personal data to DfE and Ofsted in accordance with their Fair Processing Notices. DfE and Ofsted process these personal data in RAISEonline in accordance with such notices. For further information, see the Privacy Notice section on the Gov.uk website (<https://www.gov.uk/government/publications/data-protection-and-privacy-privacy-notices>). Pupils have rights under the Data Protection Act 1998, including a general right of access to personal data held about them, with parents exercising this right on their behalf if they are too young to do so themselves. If you wish to access the personal data held about your child or yourself then please contact the data controllers. Addresses are in your school's Privacy Notice. More information on the Data Protection provisions can be found on the Information Commissioner's Office website (http://ico.org.uk/for_organisations/sector_guides/education).

RAISEonline has registration, security and monitoring systems that capture personal data for the purposes of securing and improving the services offered by this website. By accessing or using this website, you consent to our using your personal data for these purposes. There is no opt-out.

You consent to the storage of cookies by the RAISEonline on your computer's hard drive. A cookie is a small amount of data that is sent to your browser from a website's computer and stored on your computer's hard drive. The RAISEonline website uses a cookie for security, monitoring and navigation of the website. The cookie is deleted when you log off or after the session expires on closing the browser session.
